Hey man! Nice shoes. Nice car. Nice rock.  
You've got a nice wife too, and this one could be mine  
I'm gonna take it from you. I'm gonna take it from you

Hey gentlemen! Nice suite. Nice desk. Nice situation.  
You've got a nice wife too, and this one could be mine  
I'm gonna take it from you. I'm gonna take it from you  
WoohhAarrgh

Hey President! Nice country. Nice Army. Nice clouds.  
You've got a nice wife too. And this one could be mine  
I'm gonna take it from you. I'm gonna take it from you
