refrain3:

Can you ever hear me call your name
Can you see me struggling with my own pain
I could never be same type with you
Or either spend time with you
(2x)

refrain2:

Distant fear of fading away
Wasted life on borrowed time
The streets had more to tell you
Time of death 5:02

refrain:

Access denied "oh no, oh no"
You lost you failed
And it wasn't fate
Sorry you're not a winner
You are a sinner
All these bad things that are
Ruling the world
Jesus could come down
And stop every hurting
And painful sufferings
Of my own design
Couldn't you come down
And take me away of this pain
