September 19th in 22
You were born on sea of ocean blue
And I sang, to you

Remember the way we captured sound
As it cut its way into the rich ground
Oh it's found, for us

Oh oh oh your sound
Oh oh oh your sound

From every moment measured now
Take the tape from your heart and record your frown
Oh the sound, of you

Surrounded by frequencies
Vibrations in the air keep us company
We will hear

Oh oh oh your sound
Oh oh oh your sound

Carried to places of meeting gowns
The reflections failed to follow the first sound
As they drown in leaves

It has been 100 years
Since your breath was taken, now your lungs are filled
You will sing

Oh oh oh your sound
Oh oh oh your sound

Hearts will waltz around
