Tell me my son  
Are you the one

When all is done  
To change this world

How many lives  
Must we live in these times

To put the soul at peace  
Please tell me

Tell me my son  
Are you the one

Who can you save  
As you walk from my grave

Give them my best  
As I'll be at rest

Tell me my son  
What have you done

There's no time to be harsh  
A heart thrives in the dark

Tell me my son  
What have you done

That you cannot forgive  
Yourself in this life  
You live
