I got my costume on
What you don't know
This mask is always on
Being stuck in this house dumb
My eyes are spinning from the rum

Like a pirate
I'll start a riot...
All night long until these clothes come off...

We gotta reason to dance
Ohohoh
Light a fire underneath your feet

Gotta reason to dance
Ohohoh
Light a fire underneath your feet
Am I your trick or treat

My life is already so fictional
So I'm not fazed by all these stupid hoes
I'm not at home without my creepy girls
So fuck this party from that Facebook post
It's as empty as the streets below
Lets go to where the monsters go.

We gotta reason to dance
Ohohoh
Light a fire underneath your feet

Gotta reason to dance
Ohohoh
Light a fire underneath your feet
Am I your trick or treat

You know I want your problems,
Got love for imperfection
Your lips are razor sharp,
They cut me deeper than the rest
I'll take you as you are,
No time to heal your scars...

Am I your trick or treat.
Am I your trick or treat

Keep on looking back my way,
I've got something for you and me
You never thought that we could be the perfect tragedy

You know I want your problems,
Got love for imperfection
Your lips are razor sharp,
They cut me deeper than the rest
I'll take you as you are,
No time to heal your scars.
Am I your trick or treat.
Am I your trick or treat

Fuck it

We gotta reason to dance
Ohohoh
Light a fire underneath your feet

Gotta reason to dance
Ohohoh
Light a fire underneath your feet

Am I your trick or treat
