I see you gotta gold medal  
You got your money in the bank  
I see you gunnin' on the pedal  
You wanna hit me like a tank  
You like to play your music louder  
Until the blood is on the track  
You know you never have been prouder  
You're gonna get a heart attack

It's everything that you want  
It's everything that you need  
You gotta move a little faster  
Now won't you take me for a ride  
Until the sun comes up at the break of day  
You know it's everything that I need

Why don't you let it down easy  
And show me what you got  
Why don't you let it down easy  
Cos the joint is getting hot

You know you got me liberated  
And I don't need to take a pill  
I never wanna be frustrated  
I never saw it on the bill

It's everything that you want  
It's everything that you need  
You know you really wanna taste it  
You know you wanna get inside  
Until the sun comes up at the break of day  
You know it's everything that I need

Why don't you let it down easy  
And show me what you got  
Why don't you let it down easy  
Cos the joint is getting' hot

I said yeah yeah  
Yeah yeah

Why don't you let it down easy

And show me what you got  
Why don't you let it down easy  
Yeah yeah yeah

Why don't you let it down easy  
And show me what you got  
Why don't you let it down easy  
The joint is getting' hot

Why don't you let it down easy  
And show me what you got  
Why don't you let it down easy  
Cos the joint is getting' hot

I said yeah yeah  
Yeah yeah  
Just gonna play, yeah yeah  
Yeah

Let it down  
Come on, let it down  
Oh yeah yeah yeah yeah
