"3rd Grade Love"

Visit "[3rd Grade Love](#)" on MotoLyrics.com

Something like the 3rd grade love
Where you sit at lunch
And you play forever.
And it's something like handmade card
With the word Love spelled wrong in 3 letters.

Chorus:

Oh baby that's how I feel when you touch me
That's how I feel when you love me
So never, never let me go, never, never.
Oh baby, that's how I feel when you touch me
That's how I feel when you love me
So never, never let me go , never, never.

Something like your first break up
When you're growing up and it hurts your heart
Had us feeling like we should give up
Because things got rough and we lost it all.

Chorus:

Oh baby, that's how I felt when you left a
Thousand questions in my head and I'll never, never
understand
Never, never oh baby!
Oh baby, that's how I felt when you left a
Thousand questions in my head and I'll never, never
understand
Never, never.

It's something like a 3rd grade love
Where you sit at lunch and you play forever
now I'm feeling like I should give up
Because things got rough and we lost it all.

Chorus:

Oh baby that's how I feel when you touch me
That's how I feel when you love me
So never, never let me go, never, never.
Oh baby, that's how I felt when you left a thousand
questions in my head and I'll never, never understand
Never, never.

Oh baby that's how I feel when you touched me
That's how I felt when you loved me
So don't let me go.
Oh baby that's how I felt when you left a thousand
questions in my head and I'll never, never understand
Never, never oh baby!

Had me feeling like a 3rd grade love
You had me feeling like a 3rd grade love
Ohhh!
You had me feeling like a 3rd grade love
You had me feeling like a 3rd grade love
Ohhh!

Chorus:
Oh baby that's how I felt when you touched me
That's how I felt when you love me
So never, never let me go,
Never, never oh baby.
Oh baby that's how I felt when you left a thousand
questions in my head and I'll never understand no, no

Something like the 3rd grade love
when you sit at lunch
And you play forever.
