(Verse)

He had me before he had you  
But before me probably somebody else to  
I bet he told you how special you are  
Guess we're different, but don't be so ignorant.No  
Now you looking like the brand new flavour  
I can always tell by his behaviour  
What he's telling you to keep through  
What he's doin' just to please you

(Chorus)

He did it to me too  
And I know it's easy when you look into those eyes  
Don't let him deceive you  
I ain't the first, you ain't the last  
Here are his lies  
It's criminal what he does  
I'm warning you he's not the type that you trust  
He cheated on me for you  
So don't be the next to be fooled  
And I hope for you that you're the exception  
'Cause later or soon he's going to fuck up  
I'm telling you it's criminal what he does  
I'm telling you it's criminal  
It's criminal

(Verse)

Watch those late night text messages  
And your phone calls all get dismissed  
And he'll tell you that he's in love  
And this is different  
But don't be so ignorant  
Don't you be surprised when he'll starts flipping  
Up the script and tell you that you trippin'  
He ain't gonna change it's useless  
Girl I'm telling you he's ruthless

(Chorus)

He did it to me too  
I know it's so easy when you look into those eyes  
Don't let him deceive you

I ain't the first, you ain't the last  
Here are those lies  
It's criminal what he does  
I'm warning you he's not the type that you trust  
He cheated on me for you  
So don't be the next to be fooled  
And I hope for you that you're the exception  
'Cause later or soon he's going to fuck up  
I'm telling you it's criminal what he does  
I'm telling you it's criminal  
It's criminal

(Verse)

Girl you are gone  
So you'll see for yourself  
You will  
He don't give a damn, Noo  
About nobody else

(Chorus)

It's criminal what he does  
I'm warning you he's not the type that you trust  
He cheated on me for you  
So don't be the next to be fooled  
It's criminal what he does  
I'm warning you he's not the type that you trust  
He cheated on me for you  
So don't be the next to be fooled  
And I hope for you that you're the exception  
'Cause later or soon he's gonna fuck up  
I'm telling you it's criminal what he does  
I'm telling you it's criminal  
It's criminal
