(Verse)

By the way I bite my lip you'd understand
By the way my body trembles when your hands touch
me
How i pull and twist my hair in this frustration
Are you looking for a formal invitation
We ain't getting no younger
Whatever you think if i wanna

(Chorus)

Wasting time
Missing signs
We both know what's really on our minds
Kiss and tell
I never will wait and sit back
We can get right
We can just fade
Uh-uh-uh
Aye
We can just fade
Uh-uh-uh
(just fade)

(Verse)

Baby you can barely look me in the eyes
And it's probably 'cause you feel exactly how I do
And you know I love the smell of your cologne
So it's probably why you always have it on
We ain't getting no younger
Nah-ah
Whatever you think if I wanna

(Chorus)

Wasting time
Missing signs
We both know what's really on our minds
Kiss and tell
I never will wait and sit back
We can get right
We can just fade
Uh-uh-uh
Aye
We can just fade
Uh-uh-uh

(just fade)
(Chorus)
Wasting time
Missing signs
We both know what's really on our minds
(We both know what's really on our minds)
Kiss and tell
I never will wait and sit back
We can get right
(We can get right)
Wasting time
(Wasting time)
Missing signs
(Missing signs)
We both know what's really on our minds
(On our minds)
Kiss and tell
I never will wait and sit back
We can get right
(Outro)
We can just fade
Oh-oh-uh
We can just fade
Oh-oh-uh
(just fade)
Just fade Baby
Oh-oh-uh
Fade
Just fade baby
Uh-uh-uh
Just fade baby
Uh-uh-uh
Just fade baby
Just fade baby
