[Verse 1]

Been waiting so long
Baby come and feed my soul
Baby don't do me no wrong, no
The only thing you need to know
Is boy I'm with you (you, you, you)
Show me this is where I belong
Right here with you (you, you)
Let me be the one that you love

[Hook]

Give it to you strong
Give it to me bad
Never give my heart
Nothing wrong with that
Whisper in my ear
Brush up on my skin
Tell me I'm the one
I'ma let you win

[Chorus]

I want you to hold me (hold me, hold me) x2
I want you to touch me like you never loved before
I want you tonight and ever after
And all of the ones before don't matter
I want you to touch me like you never loved before

[Verse 2]

The time is right now (oooh)
Don't you let it slip away
Baby I'm down for you
You got me hanging on the words you say
Whatcha gon do?
Show me all the man that you are
And I'll follow you
If you wanna take it that far?

[Hook]

Give it to you strong
Give it to me bad
Never give my heart

Nothing wrong with that
Whisper in my ear
Brush up on my skin
Tell me I'm the one
I'ma let you win

[Chorus]

I want you to hold me (hold me, hold me) x2
I want you to touch me like you never loved before
I want you tonight and ever after
And all of the ones before don't matter
I want you to touch me like you never loved before

[Bridge]

Ooooooooooh feelin like the time is so right
Ooooooooooh tell me that you'll only be mine (mine)

I want you to hold me (tell me I'm yours)
I want you to hold me (pull me in your arms)
I want you to touch me like you never loved before (like
you never loved oh)
I want you tonight and ever after (after)
And all of the ones before don't matter
I want you to touch me like you never loved before (like
you never loved, no)

[Hook]

Give it to you strong
Give it to me bad
Never give my heart
Nothing wrong with that
Whisper in my ear (ear)
Brush up on my skin (skin)

I want you to hold me x3
