Looky, looky, looky
Ain't she pretty, pretty, pretty
She's my brand new girl
It was only yesterday
I met her walking down my way
My brand new girl

Looky, looky, looky, looky
She's my brand new girl
Looky, looky, looky, looky
She's my brand new world
Looky, looky, she's so fine
Looky, looky, and she's mine
Oom-mow-mow, papa-oom-mow-mow
Oom-mow-mow, papa-oom-mow-mow

Looky, looky, looky
At that way she's burning, burning
Burning up my mind
If I know her longer
Will our love be getting stronger
Will it make me blind

Looky, looky, looky, looky
Burning up my mind
Looky, looky, looky, looky
Will it make me blind
Looky, looky, she's so fine
Looky, looky, and she's mine
Oom-mow-mow, papa-oom-mow-mow
Oom-mow-mow, papa-oom-mow-mow

Skin so soft just like the morning dew
Long blond hair and pretty eyes so blue
Just the way she holds me in her arms
Loving charms - for me
