I feel again that terrible itching
Cutting my bones cutting my soul
You're pushing my veins
You're drawing a picture of my blood

I feel again that terrible itching
Cutting my bones, cutting my soul
My heart is on fire
You're drawing a picture of my blood

Read my story
Its written on my body

Ta-ta-tattoo, ta-ta-tattoo
Read my story
Its written on my body...

Pretended you're god
Pretended you're angel
The one who is observing me
Stay in my nightmares, get out of my dreams
Get out, get out, get out

I let you in, I told you whole story
You're touching my skin
Feel what I feel
You taking my breath
but there is no chance for you to win - no

Ta-ta-tattoo ta-ta-tattoo
Read my story

Its written on my body...

And it's so hard to tell myself it's not the end
But I'll be strong like my mom said
And I'm dancing in the midnight
I'm firing like a torch

And it's so fine
Stand out of line
Cause I am strong like my mom said
And I'm dancing in the midnight
