"Good Morning, Providence"

Good morning, hospital
We've got a situation here
I'm in the belly of a whale
And haven't seen the sun for days
I'm cut and paste inside this tune
Good morning, Providence
The chorus is a wreck so mind your head
And bless this mess
Good morning, hospital
I need to get away from here
'Cause I've been working for too long
And haven't seen the sun for days
I'm cut and paste inside this tune
Good morning, Providence
The chorus is a wreck so mind your head
And bless this mess
'Cause under here everything is over
Under here everything is over
Everything is frozen
Everything is
