Too slow, will this night never end  
I'm avoiding your side of the bed  
And the wind is screaming your name  
and the words we wrote on the wall starts to fade

I never know what to say  
Please stay with me  
Don't tell me it's too late to be  
There have to be away

I'm numb now  
Observing the ceiling  
Just empty  
I don't know what I'm feeling

I'm counting the minutes awake  
But I'm losing track of the days

I never know what to say  
Please just please stay with me  
Don't tell me it's too late  
Too late to be  
Couldn't you hear me say  
Please just wait for me  
There have to be a way

This can't be where it ends  
This can't be how it ends  
noo

Can I be your friend  
I need you as my friend  
I thought that we were friends

This can't be how it ends  
This can't be where it ends  
I thought that we were friends

Can I be your friend  
This isn't how it ends  
I thought that we were friends

This can't be how it ends  
I thought that we were friends

I need you as my friend  
Don't tell me this is the end  
This can't be how it ends
