You don't bring me flowers  
Cause the flowers are dead for you  
You watch me standing alone  
On a bridge  
I thought you told me the truth  
In a room for years we stayed  
We stared each others' eyes  
I never thought it would end  
This way  
It's like a...  
Like a sad goodbye

For always and always I'd stayed  
And always and always you run away

I don't bring you flowers  
Because I know it's no use  
I know that I must go on  
With or without you  
I watched you for hours and hours  
This picture in my hand  
I could scream like you used to  
Scream only  
And cry all the time

For always and always I'll remember you  
For always and always you'll REMEMBER ME

AND I'll dream  
AND I'll cry  
Softly at night.
