Breathing in despair again and
Iâ€™m crawling away from you
Now my stomach hurts again
And I donâ€™t know what to do

Spending my nights on the floor again
Empty bottles all around
I had a thought of where to go for a while
But I lost track of it in the night

Too old to be was strong
Too young to move on

To somewhere I belong
Iâ€™ve been wandering here for too long
So come and take me home
Somewhere I feel like I can belong

Maybe those things that haunt me
From the past of mine
They wonâ€™t go away until I find
Until I find somewhere I belong

There was a time when I packed all my bags
Thought I left who Iâ€™ve been behind
There were days when I travelled the world
As if happiness could be found

But I was born with this curse over me
Like an omen I know Iâ€™ll always end up here
And all my dreams die out with each smoke in the night

Too old to be was strong
Too young to move on

To somewhere I belong
Iâ€™ve been wandering here for too long
So come and take me home
Somewhere I feel like I can belong

I cut all my roots I donâ€™t where Iâ€™m coming from

Scream my name and take me home

To somewhere I belong

Iâ€™ve been wandering here for too long

So come and take me home

Somewhere I feel like I can belong
