A journey on a a broken piece of glass  
On my own in a town that has no soul  
Learned how, to breathe alone

Learned to march up straight  
Avert my eyes no more  
Learned to face the demons in my soul  
You canâ€™t show no fear to survive out here

Learned to use my voice and sing up loud enough  
Maybe loud enough for you to hear me  
I know you thought I disappeared

Tell the world Iâ€™m still alive  
I found a way, yeah I survived  
Tell the world Iâ€™m not afraid  
For Iâ€™ve seen yesterday and I survived

Oh you thought I ran away  
from my failures from yesterday  
That I would crawl back home  
and confess my weaknesses for you

I bet youâ€™re safe back home where I left you  
Still observing the life youâ€™re serving  
But I aint slaving no more  
I won this inside war

Tell the world Iâ€™m still alive  
I found a way, yeah I survived  
Tell the world Iâ€™m not afraid  
For Iâ€™ve seen yesterday and I survived

Tell the world Iâ€™m still alive  
I found a way, yeah I survived  
Like a soldier I resolve  
I found a way on my own

Tell the world that I survived  
Tell the world Iâ€™m still alive  
Thereâ€™s a burning on my skin  
Iâ€™m on fire from within

Tell the world I'm still alive  
I found a way, yeah I survived  
Tell the world I'm not afraid  
For I've seen yesterday and I survived

Tell the world I'm still alive  
I found a way, yeah I survived  
Like a soldier I resolve  
I found a way on my own
