Chaos in a world of shattered souls and  
False believes encouraging a fading hope  
Keep the world in a suffocating grasp  
Incompetent humanity - a mindless mass  
Take your life and die but you cannot escape  
Death is always the answer to your prayers  
No matter what the question might be  
Despair is a feeling you share  
With all those who too care  
Resulting in: deadly and bleeding nightmares  
I feel no hope. I hear no prayers  
Has god forsaken this world?  
Why are we here? when does this end?  
An empty future, is this worth still fighting for?

Out - running in the fields  
The fighting has begun  
Out killing on the streets  
They're falling one by one  
Out - bombing from the skies  
A thousand more will die  
You take so many lives  
Now it's time to stand and fight  
Now the war is a beginning to the end  
Thoughtless, self destruction  
If you worship your gods and do as they command  
Then nothing is left to be  
Shoot to kill or shoot to live  
It does not matter now 'cause  
Death is stalking - hell is calling  
The terror in your eyes defines your life  
Out - running in the fields  
The fighting has begun  
Out killing on the streets  
They're falling one by one  
Out - bombing from the skies  
A thousand more will die  
You take so many lives  
Now it's time to stand and fight  
Order from chaos and shattered souls  
Shot to die and left alone

Hordes of soldiers march to kill  
No one cares about human will  
You did nothing and stepped aside  
You let the slaughter take place tonight  
Why did you do this?  
Where will you run to now?  
I can't take this I can't take this any-  
I can't take this. I can't take this anymore  
Out - running in the fields  
The fighting has begun  
Out killing on the streets  
They're falling one by one  
Out - bombing from the skies  
A thousand more will die  
You take so many lives  
Now it's time to stand and fight
