I am the black man and you are the white  
I am the deviant and you're always right  
I am the darkness and you are the light  
I am the black man, you're the white  
Yeah I go, I'll be good living only if I'm dying, hide your  
head in your hand  
You hear no, see no, speak no no no, don't understand  
I am the blackness, I am the dark  
I am the alcoholic beast in the park  
I am the girl who sold her body to the dark  
I am the truth of it, you are the hypocrite  
I am the dirty and you are the clean  
I live in places where you've never been  
I eat the garbage and you eat the cream  
I am the dirty, you're the clean  
You kick me in the bus, get away of me and have been  
to me  
You hit me, kick me, tell me I am the grey Shirley  
I am the blackness, I am the dark  
I am the alcoholic beast in the park  
I am the girl who sold her body to the dark  
I am the truth of it, you are the hypocrite  
I am the white man and I paint you black  
I am the traitor, but I put you on the whack  
I am the coward and I shoot you in the back  
I am the white man, I paint you black  
Yeah, I am the good living only if I'm dying, hide my  
head in my hand  
I hear no, see no, speak no no no, don't understand  
I am the blackness, I am the dark  
I am the alcoholic beast in the park  
I am the girl who sold her body to the dark  
I am the truth of it, you are the hypocrite  
I am the blackness, I am the dark  
I am the alcoholic beast in the park  
I am the girl who sold her body to the dark  
I am the truth of it, you are the hypocrite  
Blackman!
