Down a tunnel, in a tube, on the floor, knocked down by
booze

Busy man has blown his fuse while crossword people
look for clues

I say sir, get your nose out the paper, take a good look
at what's going down

Get clued into the shape of, the shape of things to
come

Have you seen the writing on the wall?

Have you seen the writing on the wall?

Reaching out for your calls

Have you seen the writing on the wall?

Did you look for your cause?

Have you seen the writing on the wall?

Life, I'm told's a compromise, lethargy in disguise

Exclusive by the fine-toothed parts, stuck in the mud
before they start

They say sir, wouldn't you rather be on top of the world

As opposed to always travelling underneath the
ground?

Have you seen the writing on the wall?

Have you seen the writing on the wall?

Reaching out for your calls

Have you seen the writing on the wall?

Did you look for your cause?

Have you seen the writing on the wall?

La-la-la-la ...

I say sir, get your nose out the paper, take a good look
at what's going on

Get clued into the shape of, the shape of things to
come

Have you seen the writing on the wall?

Have you seen the writing on the wall?

Reaching out for your calls

Have you seen the writing on the wall?

Did you look for your cause?

Have you seen the writing on the wall?

Have you seen the writing on the wall?

Have you seen the writing on the wall?

Reaching out for your calls

Have you seen the writing on the wall?

Did you look for your cause?

Have you seen the writing on the wall?
