Anything For Everything
Glorie Sunderbliss

Verse 1

What do you want from me
Why don't you say everything
What do you need from me
Why don't you show anything

Your pride and love are falling down
and i wont always be around
its time for you to do anything for everything

Verse 2

Will you remember me
Will you trade your hate for love
Will they make you feel
like your part of a world above

It doesn't matter its all the same
your all the love that i would gain
i don't regret now anything but everything
