"Kissed You Goodnight"

I dropped you off, just a little after midnight
Sat in my car
Till you turned off your porch light
I should've kissed you
I should've pushed you up against the wall
I should've kissed you just like I wasn't scared at all
I turned off the car ran through the front yard
Before I could let you in
You met me on the front porch
Now that I've kissed you
It's a goodnight goodnight
Baby goodnight
You couldn't see me
Watching through the window
Wondering what went wrong
Praying that you wouldn't let go
You should've kissed me
You should've pushed me against the wall
You should've kissed me I was right on the edge
And ready to fall
So I turned off the car
Ran through the yard back to your front yard
Before I could turn the lock
You met me on the front door
And I kissed you
Goodnight
Now that I've kissed you
Goodnight goodnight
Baby goodnight
I turned off the car
Ran through the front yard
Half scared to death
Can't catch my breathe
Aren't these the moments we live for?
And I kissed you
Goodnight
Now that I've kissed you
It's a goodnight
Goodnight baby
Goodnight
It's a goodnight
Goodnight

Goonight baby
Goodnight
Goodnight
It's a goodnight
Goodnight
Goonight baby
Goodnight
