I don't wanna get away
Explain from you
I don't know what to say but
I think I like you
I don't wanna stay away from you

I Just wanna get Close to you
Ok girl, get Close to me
You can be my homey
Best friends become lovers
That's what they say
Don't worry about what the people say
Ah yeah I Know
You're the one I love

I just wanna be where you're
I just wanna be next to you
I don't wanna get away from you
Be my special girl
Be my special boy
Be my angel from above

I ain't Got no more time to tell you that I love you
Gimme the first kiss for you and I
Baby boy you look so fresh
Baby girl you look so fly
Take my hand let's try
This love is not blind
Love you, love me

I just wanna be where you're
I just wanna be next to you
I don't wanna get away from you
Be my special girl
Be my special boy
Be my angel from above

I will be your Romeo
You can Be my Juliet
Love you for eternity
You spin me around
You driving me crazy
I can feel the gravity

I just wanna be where you're
I just wanna be next to you
I don't wanna get away from you
Be my special girl
Be my special boy
Be my angel from above

I just wanna be where you're
I just wanna be next to you
I don't wanna get away from you
Be my special girl
Be my special boy
Be my angel from above
