Gods Paparazzi

Kati Kaine

Blood On The Dance Floor

We're cumming on these bitches hard

You ain't seen shit...

(Gods Paparazzi)

I'm a born porn star

I'm a god damn whore

I'm a fuck you till you bleed

I'm a eat that pussy raw

Go nom nom nom

On my cum cum cum

Eat my little pellets like Miss Pac Man

Blow out my brains like Kurt Cobain

Love that hole like Courtney in a train

Start off missionary then I hit it from the back

Like there's a welcome mat tattooed on your crack

(Kati Kaine)

I know your DTF

But my pussy's VIP

My body is a temple

And my g-spot's royalty

Girls fucking hate me

â€~Cause their men try to fuck me

But they can't have what I got

â€~Cause they know can't afford me

Uh huh

They can't have what I got

They can't have what I got

They can't have what I got

They can't have what I got

What I got

What I got

(Dahvie Vanity)

All these bitches hating

They know they wanna fuck me

But I don't give it up

Like that hoochie snooky  
You're a limp biz kit  
I did it for the nookie  
I don't live on sesame  
But I want your cookies  
If you think I'm bluffing  
Then I'll pop you in the muffin  
Eat me  
Beat me  
Bite me  
Blow me  
Suck me  
Fuck me very slowly  
If you eat me don't be hasty  
Use your tongue and make it tasty  
Hotter than Wasabi  
And I'm burning like a kazi

(Kati Kaine)

I know your DTF  
But my pussy's VIP  
My body is a temple  
And my g-spot's royalty  
Girls fucking hate me  
â€~Cause their men try to fuck me  
But they can't have what I got  
â€~Cause they know can't afford me

Uh huh  
They can't have what I got  
They can't have what I got  
They can't have what I got  
They can't have what I got  
What I got  
What I got

(Jayy Von Monroe)

Crew so fucking vicious  
We'll leave your village in stitches  
Murder your women and children  
Shank and rob all of your bitches  
And even in their afterlife  
We'll snort coke of their flesh  
Then fuck the wound we made  
From tearing their heart right from their chest

If you don't think I'm bad now  
Let me see you fuck with me  
I got a size 14  
Make my day and step to me  
I'll be stepping on your throat

By the curb with my Loui V's  
You'll be missing teeth  
Screaming "Mama!" like you breastfeed

(Kati Kaine)  
I know your DTF  
But my pussy's VIP  
My body is a temple  
And my g-spot's royalty  
Girls fucking hate me  
â€~Cause their men try to fuck me  
But they can't have what I got  
â€~Cause they know can't afford me

Uh huh  
They can't have what I got  
They can't have what I got  
They can't have what I got  
They can't have what I got  
What I got  
What I got

Uh huh  
Uh huh  
Uh huh  
They can't have what I got  
What I got  
What I got

Uh huh  
Uh huh  
Uh huh  
They can't have what I got  
What I got  
What I got!
