Goin' solo 'cause I can't stand the pain
When you say, but you don't do so
You say you need me so then why don't you stay
When I'm blue, so lonely

Can't you see you've exhausted my soul and mind
When I play those games I'm the loser every time
Don't wanna play no fool
You've been playin', you're out lyin' all the time
Why don't you stop, leave me on my own

Was it something I said, something I've done?
Tired of blaming myself for doin' good, so I...
Tried my best to give you all I can
Something gone wrong

Can't you see you've exhausted my soul and mind
When I play those games I'm the loser every time
Don't wanna play no fool, no, no, no, no
Broke and bent and tore up every rule
Lost the faith I had in you

I'm goin' solo...

Can't you see you've exhausted my soul and mind
When I play those games I'm the loser every time
Don't wanna play no fool, no, no, no, no
You've been playin', you're out lyin' all the time
Why don't you stop, leave me on my own

Leave me on my own, leave me on my own, leave me
on my own
Tried my best, said I tried, said I tried, leave me on my
own
