I put you in front of me
I know that I will be all right.

Spoken:

Now Hollywood wants to make you think they know
what love is
But I can tell you what love is "love is not what
you see in the movies
Is not just ecstasy, sex and passion
Love is sacrifice

Always banking my mind that he's waiting for you,
If you're crossing the line from this world is true
Now I realised and I know that you're gone, so
gone, ooh
Signs from my God this feeling
Now what I found, this is deeper than life
I know that I get lost in this feeling, ooh
I can see all in me, all in me

Chorus:

I put you in front of me so everybody can see my
love (my love), this is my love (this is my love)
I know that I will be all right as long as you are my
guide, my love, this is my love
I put you in front of me so everybody can see my
love (my love), this is my love
(this is my love)
I know that I will be all right as long as you are my
guide my love, this is my love

My Love, I will be all right

You know this is my love (this is my love), live on,
This is my love for Sean, this is my love (my love)
This is my love for joy, this is my love, live long, this

Never thought in my heart that I'd be searching for
you
A universe for two, a soul beats right through

And now I'm away and you see that it's fate,
it's fate
Ooh, signs from my God this feeling
Now what I found, this is deeper than life
I know that I get lost in this feeling
Ooh, I can see all in me, all in me

I'll put you in front of me so everybody can see, my
love, this is my love
I know that I'll be all right as long as you are my
guide, my love, this is my love
You know this is my love, this is my love live on
This is my love for joy, this is my love
This is my love, hold on, this is my love, live long, this
is my love

I'll put you in front of me so everybody can see, my
love, this is my love
I know that I'll be all right as long as you are my
guide, my love, this is my love
I'll put you in front of me so everybody can see, my
love, this is my love
I know that I'll be all right as long as you are my
guide, my love, this is my love
