

Goliath And The Giants "Lifeguard"

Never signed up to be a lifeguard, to controll your
constant pain
Cause itâ€™s here, and itâ€™s there and itâ€™s every
single where.

I canâ€™t remember it as this hard, to ignore, to stay
the same
Cause the fear it is there and itâ€™s every single where

Hey mistery now wonâ€™t you come back
To when nothing was intact
And the puzzle remained unsolved.

I keep on writing you my Postcards
To make sure you know my name.
But I know that you know, cause it allways stays the
same.

This has turned out to be a nightmare tho itâ€™s sad
itâ€™s all i know
But I hope that you care though your mind seems every
where

Hey mistery now wonâ€™t you come back
To when nothing was intact
And the puzzle remained unsolved.
x2

Bridge.

Hey mistery now wonâ€™t you come back
To when nothing was intact
And the puzzle remained unsolved.
