Standing there with your gloves on
â€œLike an undefeated boxer championâ€œ
Although my heart is the punching bag I don't care at
allâ€œ
Taking of your shoes and enters the room
â€œEverybody can see that I do what I try not to doâ€œ
Iâ€™m staring at youâ€œâ€œ

There's a deer in the fish...
eh eh ehâ€œ
There's a bear in the fringe...
eh eh eh
â€œTHERE'S BEER IN THE FRIDGE...
eh eh ehâ€œ
Oh god I can't even talk around you

â€œâ€œThe needle skips a beat as I fall over my feet
â€œAnd I noticed that your looking as I'm trying to
fleeâ€œ
This unsuccessfully demonstration of walking by you
without paying attention

Now what came first all hopeless or me?
Starting to get a glimpse of what itâ€™s like being me?
