Gotta give me something that will last  
Someone that won't judge my past  
Give me a future that is bright  
Open my eyes to the light

'Cos I love God and God loves me  
He sets the chosen people free  
I love God and God loves me  
He sets the chosen people free today, today

He is the way, the truth and light  
He is the way, I'll say I'm right  
He gives me hope, He gives me peace  
His grace and love will never cease

'Cos I love God and God loves me  
He sets the chosen people free  
I love God and God loves me  
He sets the chosen people free today, today

'Cos I love God and God loves me  
He sets the chosen people free  
I love God and God loves me  
He sets the chosen people free

Gotta give me something that will last  
Someone that won't judge my past  
Give me a future that is bright  
Open my eyes to the light

'Cos I love God and God loves me  
He sets the chosen people free  
I love God and God loves me  
He sets the chosen people free today, today

He is the way, the truth and light  
He is the way, I'll say I'm right  
He gives me hope, He gives me peace  
His grace and love will never cease

'Cos I love God and God loves me  
He sets the chosen people free

I love God and God loves me  
He sets the chosen people free
