Please allow me to introduce me
Half of me slave the other half free
Righteous and sinful both at the same time
Iniquity and purity fill up the same mind

And out of the same mouth the holy and profane
I curse all my brothers then I bless Christ's name
I hang in the balance but still I'm secure
I'm leaning towards evil but striving to be pure

I stand between the saint and sinner
Chasing after holiness
Close enough to grasp, but still it's
Just beyond my reach

Who I am is in between
What I wanna be and what I am
Who I am is in between
What I wanna be and what I am
Who I am is in between
What I wanna be and what I am
Who I am is in between
What I wanna be and what I am

Pulling from both sides, humility and pride
One seeks to give the other to be gratified
In any case however I know I'm in need
Two appetites in me, which one do I feed?

Running fast as I can after elusive perfection
No I'm not there yet but sure I'm in the right direction
'Cuz I see me at the end and I look glorified
Justified safe inside so I seek to be sanctified

I stand between the saint and sinner
Chasing after holiness
Close enough to grasp, but still it's
Just beyond my reach

Who I am is in between
What I wanna be and what I am
Who I am is in between

What I wanna be and what I am
Who I am is in between
What I wanna be and what I am
Who I am is in between
What I wanna be and what I am
