Do you need someone?
Are you like me?
Do you fall apart?
You're just like me

Have there been times?
You felt so low?
Don't you forget
You're not alone

Angels are standing by your bed
Jesus is watching over you
He'll never leave that's what He said
Is that what you want 'cause I know I do

I want love love love
I want perfect love
I want love love love
I want perfect love
I want love love love
I want perfect love

Well, I pretend
I just need me
I seem so strong
It's make believe

'Cause I've seen love fail
I've been betrayed
I've seen love pass
I've seen love fade

But I know that God is not that way
He doesn't change from day to day
He doesn't fail, He doesn't leave
And I want that so desperately

I want love love love
I want perfect love
I want love love love
I want perfect love
I want love love love

I want perfect love

He loves broken hearts
And faith like a child
To now here I come
With just a broken heart
And faith like a child

I want love love love
I want perfect love
I want love love love
I want perfect love
Will someone tell me where to find
Some place to ease my troubled mind

I want love love love
I want perfect love
I want love love love
I want perfect love
Will someone tell me where to find
Some place to ease my troubled mind

I want love love love
I want perfect love
I want love love love
I want perfect love
I want love love love
I want perfect love

I want perfect love
I want perfect love
I want perfect love
