I was sour and I never wanted love to start  
I thought, love keeps, for now we'll stand apart  
I kept thoughts on how to be alone  
Oh, now I feel my love for you can grow

Making noise so I know you're there  
Just a touch is enough for me my dear

Take up my heartstrings,  
Play me what love brings,  
Show me your lover ways  
Let feelings flow,  
Tell all you know  
Show me you would be,  
The one who could be,  
All that I ever crave  
The fire of, my wild love

The way through our lives with another one  
Is the lone way our hearts won't come undone  
I took some time to come to you  
But, now I see the reason my love grew

Making noise so I know you're there  
Just a touch is enough for me my dear

Take up my heartstrings,  
Play me what love brings,  
Show me your lover ways  
Let feelings flow,  
Tell all you know  
Show me you would be,  
The one who could be,  
All that I ever crave  
The fire of, my wild love

Making noise so I know you're there  
Just a touch is enough for me my dear

Take up my heartstrings,  
Play me what love brings,

Show me your lover ways  
Let feelings flow,  
Tell all you know  
Show me you would be,  
The one who could be,  
All that I ever crave  
The fire of, my wild love  
The fire of, my wild love
