"Misfortune"

I can feel it near me, I can feel it in my veins
I sense the presence of the darker side of life
It wants to take me, it's soon to control me
It wants to slowly bring my soul to them
Yes it does

It's in the things I do, it's in the air I breathe
It's always watching, just staring at me
It's in the basement, it's in the attic too
It never shows it's face
But I know that it's there

Because all this hell is forever
As all my fears come together
It's living in my mind
Misfortune

Breathing faster, the walls start moving in
Heartbeats feel like hammers beating
Deep inside my chest
Sweat and fear has come alive
My nerves attacking me
My mind is racing to no end, full anxiety
Now it's closer to my soul
Than it's ever been before
All my fears confront me now
I'm truly scared to death

Misfortune, that is me
Misfortune, that is me
I am misfortune

There was no one to turn to
To save me from my mind
It came alive and summoned me
And now it has my soul
Darkness beckons me, it eats me alive
The day has come, it's taken hold
It's finally become me

So now I am it's victim, misfortune, that is me
I'm all alone without a hope for all eternity

Because all this hell is forever
As all my fears come together
It's living in my mind
Misfortune

Misfortune, misfortune, misfortune.
