## "No Survivors"

No one lives, we all die  
Prepare yourself for the end  
No survivors on this night  
Say goodbye my friend  
Joining hands and saying prayers  
Won't stop what's coming next  
When the final seconds tick away  
The next station stop is death

So watch it happen, see it burn  
Terror aboard this flight  
Hand in hand, they know the truth  
That all will lose their lives  
No survivors, finally no one's left to scream  
Bring the body bags  
For there's truly no survivors

No survivors, no survivors on this flight  
No survivors on this night

Clinch in fear, scream in pain  
Accept this all as fate  
The ship is sinking to beyond  
No turning back, too late  
Take the time to pray to God  
But the master now is Death  
Those final seconds tick away  
Your life is fading fast

Train has come crashing down  
Life for you is done  
Look the reaper in the eye  
Yes, you are the one  
Warning lights see only red  
As fate is seeing green  
The only ride you're taking now  
Is on the death machine.
