The weight of the world  
It pulls at the soul  
Bringing you down to your knees  
The faces of doom they stare down at you  
Demanding and taking from thee  
But now is the time to reclaim your life  
We'll scream and we'll fight  
To give you your right  
The powerhouse set at full speed

Power, power, powerhouse  
Unleashed tonight  
Power, power, powerhouse  
Ready to fight  
Power, power, powerhouse  
Comes from deep inside  
Power, power, powerhouse  
Unleashed tonight

The cries for deliverance  
Are louder than hell  
We listen to them in the night  
But you now know the sign  
So raise it in pride  
The powerhouse stands by your side

You've torn down the walls  
That held you so long  
You've now smashed them  
And thrown them aside  
Now it's your turn to live  
And your turn to give  
Your metal heart beating inside  
So rise from the ashes  
Of what's now your past  
And scream out loud VICTORY  
Yes, join in our call, we welcome you all  
The powerhouse has set you free

Power! Power! Power! Power!

The power we give

The metal we live

The powerhouse unleashed tonight
