

October 31 "The Fire Awaits You"

Last day of October as you walk the path
While morbid thoughts fill your head
That sinister lady you met in the woods
Has frightened you way beyond scared
Her tales of terror directed at you
Spoke of your downfall and fate
Half-hearted you laughed at
Predictions to come
Now all evil shall have it's day...

The winter is cold and bitter as hell
As the haunting moon guides the way
An owl on the tree sits shockingly quiet
As dark devours the day
The silence increases striking your nerves
Impatient to safely reach home
Awaiting the moment of fable or truth
Not knowing if "it" will come

The fire awaits you it's watching all the time
There's nothing you can do
But witness your world fall...

"Stay on your guard this dark Halloween
And never look at it's eyes"
"Pick up your pace and don't look back"
Said the lady so elder and wise
Pray to the heavens for protection and guidance
It's really all you can do
"It" is out there mark my words
And it's waiting just for you

The fire awaits you
It's watching all the time
There's nothing you can do
But die!

Here I sit among all evil at the gates of hell
Another victim of the fire
Born to serve it well
I scream and scream but no one comes
Burning all the time

My soul is damned in lakes of fire
And evil sits just smiling
