they go down, down, down,
They all want down, down, down,

Pacule (romanian name in Vocative case) show uot the joints
And after one smoke
We arrive anyway

Heeeey... Here are many people
that where are a lot of people are a lot of girls
Barman, 2 cocktails with Coke
'Cause we lost our sense of orientation

Hi... tell how you're doing
You're right, here's too hot
To make you get naked
To make you scream "down, down, down"

Don't forget the night just started
Paco is asking me : "Hey, you're finished?"

Pacule, danger
Come to escape from the beginning tongs
So take off your clothes
I'll take care of you
Tell them what's your name : XXL
tell them what's my name : 10 GREI

I live with my parents
I stay in the bar for you
your girlfriend is giving me reasons
Cause Danny de Vito is bigger than you"
She wants adrenaline and practice
Like bombardament

they go down, down, down,
They all want down, down, down,
