We're the saints with missing halos
We're the crows with broken wings
Keep your eye from the volcano
Keep your eyes wide shut

The kites won't make you fly
The kites won't make you fly
The kites can't take you high
The kites won't make you fly

We don't want no revolution
All we want is to be heard
In this age of retribution
All we need is love

The kites won't make you fly
The kites won't make you fly
The kites can't take you high
The kites won't make you fly

Chasing shadows in the moonlight
Tracing turtles on the beach
Can they make it through the warm night
Can we find a way

The kites won't make you fly
The kites won't make you fly
The kites can't take you high
The kites won't make you fly

We're the saints with missing halos
We're the crows with broken wings
Keep your eye from the volcano
Keep your eyes wide shut

The kites won't make you fly

The kites won't make you fly
The kites can't take you high
The kites won't make you fly
