Together is where I want to be
The first of December is the day she left me
I said it's okay, but she just couldn't stay
Because all of our days have been wasted away
Can we make it through it?
Make it through it
I found your letter, this can't be happening
and it feels like forever since I've seen your face when
it isn't in a dream
and now I'm alone in a place I called home,
but it's simply a house without you in our bed and now
I'm just wasting away
Can we make it through it?
Make it through it
I never thought I'd feel this way
I never thought I'd feel the pain
until you took my breathe away
