She's got me all to herself and I, I must be
dreaming
You think that you're sly, but I got you figured out
this time
You've got me running through your veins like a
never ending train

Your secrets always get the best of me, of me
Your secrets always get the best of me, of me

She's got other things on her mind than just trying
to please me
And I hope you're waiting by the door when I get
home
Just me and just you
Just me and just you
Just you and just me

Your secrets always get the best of me, of me
Your secrets always get the best of me, of me

Please take me home
Please take me home
Please take me home
Please take me home

Your secrets always get the best of me, of me
Your secrets always get the best of me, of me
Baby you're my secret
