This stays in Vegas
This stays in Vegas
This stays in Vegas

So baby put your makeup on
And girl get on the dance floor
Cause it's big fights and late nights that are what
we live for
I've been living it up ever since we left
It's been three whole days and I've under slept
And the sheets on the bed are still messed up
From the crazy night before

We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas
We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas

I'm chasing these phasing days with no direction
I can feel the faint reflection in my skin
Wake me up when my eyes shut
Cause we'll fall asleep and I need some attention
Your attention

We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas
We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas

This stays in Vegas
This stays in Vegas
This stays in Vegas

We are the weekend warriors
And these days are just passing by
We are the weekend warriors
This stays in, this stays in

We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas
We are the weekend warriors
And these days are just passing by
This stays in, this stays in Vegas
