She sits across from me  
I'm whispering to her  
softly  
her mind looks preoccupied  
wonder what it  
could be that on her mind  
she has a worried face  
(what you worried bout)  
it looks like she needs  
sometime away  
from something that's on her mind  
I'm standing right in front of her eyes and I say  
Excuse me before I interrupt you or start intruding  
I'd like to take the time to say something soothing  
I'm on the verge of changing and chasing New things  
Let me borrow your love  
I'll give it right back  
I don't have enough  
I'm losing it fast  
I'm feeling so hurt  
It's making me mad  
I'm getting so cold  
so all that I ask is  
Let me borrow your love  
I don't see the purpose in being so sad  
lost all my  
love and I'm just tryna get it back  
I didn't value  
enough in the past  
So you just happened to be who I  
asked  
So if you got love that you're willing to  
share  
I need it so badly if you're willing to share  
have a couple of words you should hear  
so give me  
your attention baby open your ears  
Excuse me  
before I interrupt you or start intruding  
I'd like to take the time to say something soothing  
I'm on the  
verge of changing and chasing New things  
Let me  
borrow your love  
I'll give it right back  
I don't have  
enough  
I'm losing it fast  
I'm feeling so hurt  
It's  
making me mad  
I'm getting so cold  
so all that I ask  
is  
Let me borrow your love  
Your love (x6)  
I've  
been looking and I'm searching  
I need it and I'm  
certain  
this feeling is so urgent  
and Oh it would be  
perfect  
If you could quench my thirsting  
If you fulfill  
my purpose  
if you could show me something  
if you  
could Let me borrow your love  
I'll give it right  
back  
you see I don't have enough  
I'm losing it  
fast  
and yea I'm feeling so hurt  
It's making me  
mad  
I'm getting so cold  
so all that I ask is  
Let me  
borrow your love  
Your love (x6)  
Just let me borrow  
your love (x6)
