I read a sign out side of your heart it said help wanted
luckily I've been looking for a job
and i read the description I fit the position
tell me baby when do I start
I don't know why you let go of your former employee
but therefore he is gone cause he did wrong
and now it time your business moves on, so.

here's my resume tell me what you think ?
before we get to business babe, tell me what you
drink?
I know they say its business before pleasure
but today your the boss and we gon' do exactly what
you say.

Hire Me (2x)
baby i can work for free
I dont need know compensation
just conversation let me know what you need

I can see your in the need of some assistance
pardon me if I'm coming of to persistent
but the sign says you need someone consistent
girl did I forget to mention
My communications on point
Body language on point
eye contact and all that is on point
I came to work with feelings first
I mean it girl I need you girl

here's my resume tell me what you think ?
before we get to business babe, tell me what you
drink?
I know they say its business before pleasure
but today your the boss and we gon' do exactly what
you say.

Hire Me (2x)
baby i can work for free
I dont need know compensation
just conversation let me know what you need

Completely focused I have nothing on the side
and for your loving you can work me overtime
I do impossible to let you know your mine
I promise baby you can catch me on my grind
