Flowerbomb we done ran up all our time. I know your comfortable feelin close and you mine. Dedicated to our lives meditated to your eyes and I waited nearly two months. For a day to come inside. And it seem like this is for us cuz we not just kids wit a crush and we leave no time in da night don't tease just go head and.....you free to do what you like I'm givin up all my pride. I don't need no ones assistance I make u numb and slide I just wanna get done it right sleep until we feel sunlight yea baby it's one night but in time we might live the same life. Now you know what dat thang like and you know what I bang like he's crazy you the Tylenol for dat migraine it's just fine You reach out When da weeks up we eat out den steam up you locked out and your neighbor had keys and she stayed up. I kissed you and said goodnight Cant imagine we look

tight. You went in ya place I'm in a Aston baby wen I
pulled off you was on my mind.

Where living in a fantasyâ€¦I feel it when you dance
with meâ€¦.Something that you need to seeâ€¦my baby
my lady
Can't you see?.....I'm talking bout eternityâ€¦.It's feeling
like you need to beâ€¦my baby my lady

Cause I don't know you. You don't me. The clock keeps
ticking so whats it gonna be?

I said I don't know you you don't know me I wanna
teach you all the sounds of loveâ€¦.
