I never blamed you for our crazy love  
I never thought it wasn't real  
You never hurt me, you never made me feel  
Like i'm not the only one

As time goes by, I realize  
We're meant to be together  
I'd give my life for you  
I'd die for you, I'll even change

(Chorus)

You have to,

Stay, now  
Don't you walk away from me  
Don't you ever feel, i'm gonna let you go  
Away from my life  
I wanna hold you, I wanna let you feel  
Like you are the only one, the only one

I always dreamed its us against the world  
It felt so powerful together  
All I was hoping, all I was wishing for  
Was to be the only one

As seasons change, I realize  
We're meant to be together  
I'd travel the world for you  
I'd run with you, no matter where
