Oh, it rings in your voice
when you know the time's come
To put down your cell phone
Resounding like snare drums
And in those final moments
Where you utter "goodbye"
You replace all that silence
with the sound of 'goodnight'

But I still don't really see what I have done
To deserve the girl I smile and call 'the one'
It's like I've walked miles in search of no one and
found..

Gravity,
I needed you for gravity
You hold me so delicately
In your heart, in your arms
I feel so grounded.

Gravity,
I needed you for gravity
Oh, you finally found me.
In my chest, in my breath
You are so very worth it.

And just so you know
I'm awake, I can't sleep yet
And for once in my life
In my heart believe that
All that I deserve
Is what I'm finally getting
And if it's down to this love
you'd best believe that I'm betting

But I still don't really see what I have done
To deserve the girl I smile and call 'the one'
It's like I've walked miles in search of no one and
found..

Gravity,
I needed you for gravity
You hold me so delicately

In your heart, in your arms
I feel so grounded.
Gravity,
I needed you for gravity
Oh, you finally found me.
In my chest, in my breath
You are so very worth it.

Gravity,
I needed you for gravity
You hold me so delicately
In your heart, in your arms
I feel so grounded.
Gravity,
I needed you for gravity
Oh, you finally found me.
In my chest, in my breath
You are so very worth it.
