Oh the pressure comes up
to write the next song
but I can't find the means to say
That you write when you feel
that things are alright
But I just don't feel that way
So the stress builds on up
but the keyboard holds strong
and I don't have time anyway
Because work's 9 to 5
at a Denny's all night
While I watch a normal life fade away.

And I'll give it all I have
Cause this is the life for me
I know the odds are overwhelming
I don't care if you disagree
I know nothing comes for free

So don't tell me
I already know what you did
You gave up
I'm sorry
And you will see
Don't tell me what I can't do
My dreams mean everything

And what a damn shame
when you can't chase your dreams
with the girl that you love at your side.
And the calls become shorter
When you're paying in quarters
But you to take it all in stride.
Watch my friends fall apart
While I'm making my start
I miss all our late night drives
But this is all that I know
I give it all even though
The whole world just won't seem to abide

And I'll give it all I have
Cause this is the life for me

I know the odds are overwhelming
I don't care if you disagree
I know nothing comes for free

So don't tell me
I already know what you did
You gave up
I'm sorry
And you will see
Don't tell me what I can't do
My dreams mean everything

I'm through with waiting,
it's my life I'm wasting
But I've learned that I must take every shot.

So don't tell me
I already know what you did
You gave up
I'm sorry
And you will see
Don't tell me what I can't do
My dreams mean everything

So don't tell me...
