Into The Dark

Underneath the neon light
I'm following your shadow
To keep you in the sight
We've been through so much you and I
So as you walk remember
I'm just one step behind

And I will follow you into the dark
Until the cold winds blow
This bitterness aside
And I will follow you into the dark
Until the break of dawn

Underneath the neon light
I'm following your shadow
To keep you in the sight
We've been through so much you and I
So as you walk remember
I'm just one step behind
I would like to help you find salvation
I would like to help you
Find a way out
But it's your will that I doubt
And it can't be done without

And I will follow you into the dark
Until the cold winds blow
This bitterness aside
And I will follow you into the dark
Until the break of dawn
Shows the morning light

Your face I don't wanna miss
I never thought that it would come to this
I know what you feel inside
Now you're running out of time
You wanted endless nights
You wanted brown and white
Let me follow you into the dark
