No, No, No

I can't believe how did you get so under my skin
Oh, I didn't know where I am and where I have been
What we had, we had it baby
I don't want to tell you maybe
You know it's just like so
All that I can tell you is a no, no, no

Well, I don't know where to go
In any direction, I feel so low
You know you put me in a rusty cage
Of jealousy and rage
And who's to blame it's all the same
It's plain to see you're not good to me
All I can tell you before I go
It's a no, no, no, no

I can't believe how did you get so under my skin
I didn't know where I am and where I have been
What we had, we had it baby
I don't want to tell you maybe
You know it's just like so
All that I can tell you is a no, no

I don't know where to go
In any direction, I feel so low
You know you put me in a rusty cage
Of jealousy and rage
And who's to blame it's all the same
It's plain to see you're not good to me
All I can tell you before I go
It's a no, no, no, no
