So Much To Say

Have you ever felt
Your head is gonna blow
Like youâ€™re missing something
But what, you just donâ€™t know
Have you ever felt
That whole world is on you
Now you want to run
But they just wonâ€™t let you through

And donâ€™t you ever try to tell me
Youâ€™ve never been laughed at by crowd
Oh, with all their bitterness dirty and loud
Has anyone ever dragged you
Right out of the mud
Wonâ€™t you tell me do you know
Just what you're all about

When you feel that everything is pointless
It's not how it seems
Forget all the bad times while we still have the good
ones
And donâ€™t you go, stay
There is so much I need to say

And donâ€™t you ever try to tell me
That youâ€™ve never been laughed at by crowd
Oh, with all their bitterness dirty and loud
Has anyone ever dragged you
Right out of the mud
Wonâ€™t you tell me do you know
Just what you're all about

When you feel that everything is pointless
It's not how it seems
Forget all the bad times while we still have the good
ones
And stay with me

When you feel that everything is pointless
It's not how it seems

Forget all the bad times
And don't you go, stay
There is so much I still got to say
